About Us

OPEN YUMMYPIG We had been searching for a “brick and mortar” space for a restaurant for a few years. Being open to a variety of concepts we could have gone in the direction of Tapas, New American Cuisine,, Fine Dining or BBQ. We decided to place our BBQ concept in this space at Catoctin Circle in December 2014. It took six months and on May 20, 2015, we opened our doors with a small menu to get started.

Our vision for BBQ is to put a twist on traditional fare with our side dishes. Both vegetarians and meat lovers enjoy our food (have you seen our vegetarian side dishes?). We let the meats “speak for themselves” and you do the saucing at the table.

BOOTSTRAP As a small business (“mom & pop” really) we have bootstrapped this restaurant the entire way. Guests have asked us if we will expand. Perhaps. This depends on many factors. For now, we continue to focus on training our service and kitchen staff to provide friendly service, a family friendly environment and great quality food.

GAMES The board games, cards and other items you see under the “EAT” sign were brought in so guests and families can unplug and enjoy interacting during a meal. We realize time together can be short and believe the games are a nice way of reconnecting over a meal.

PAIRING DINNER From time to time we schedule beer, wine or bourbon pairing dinners. To hear about these, “LIKE” our Facebook page or provide an email on our comment cards at the end of your meal.

SPIRIT NIGHTS We support Spirit Nights. Please email us at [info@ yummyspig.com](mailto:info@yummyspig.com) to coordinate a future date.

LIVE MUSIC We are asked often if we schedule live music. The answer is if there is a band that has a following and wants to bring their fans here for a night of music after 8:30pm, we would love to talk with them.

VENUE RENTAL We host receptions at YummyPig. Some groups rent out the entire space for a private party – some receptions use just one side of the restaurant. If you’re looking for a space for a private reception, please email us info@yummyspig.com to discuss a date and details. Our food offerings for an in-house reception can include items from the Fusions menu as well as the YummyPig menu.

CATERING We have been catering under our sister company, Fusions Cuisine, since 2005. Yummyspig BBQ evolved for catering in 2008. With both companies, we have catered many weddings, corporate receptions and social gatherings in homes throughout the area. Our approach with food is about layering of flavors and keeping it personal. You will experience this layering of flavors in some of the side dishes and entrees at YummyPig today.
